

HORNS PATTERN DIY

FOAM

Apply the pattern to the 5mm eva foam and cut it out

1

2

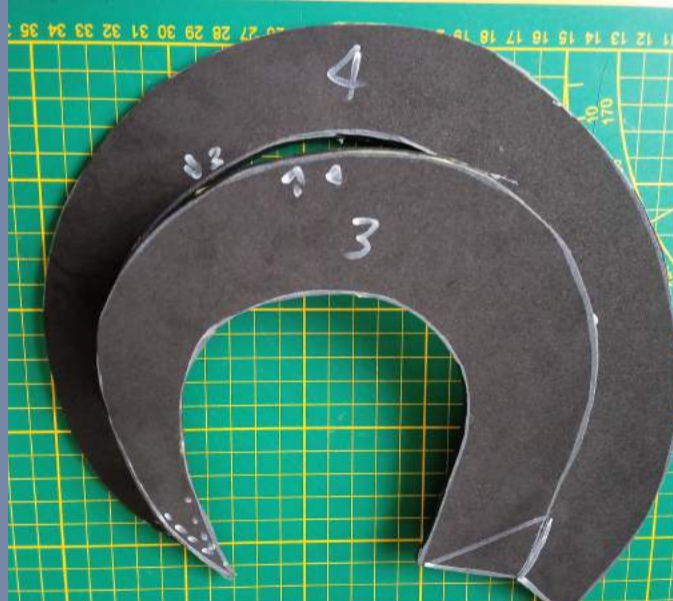

GLUED

First, apply glue to all the edges. When the glue dries, glue elements 1 and 2 together

NEXT

then glue parts 3 and 4 together

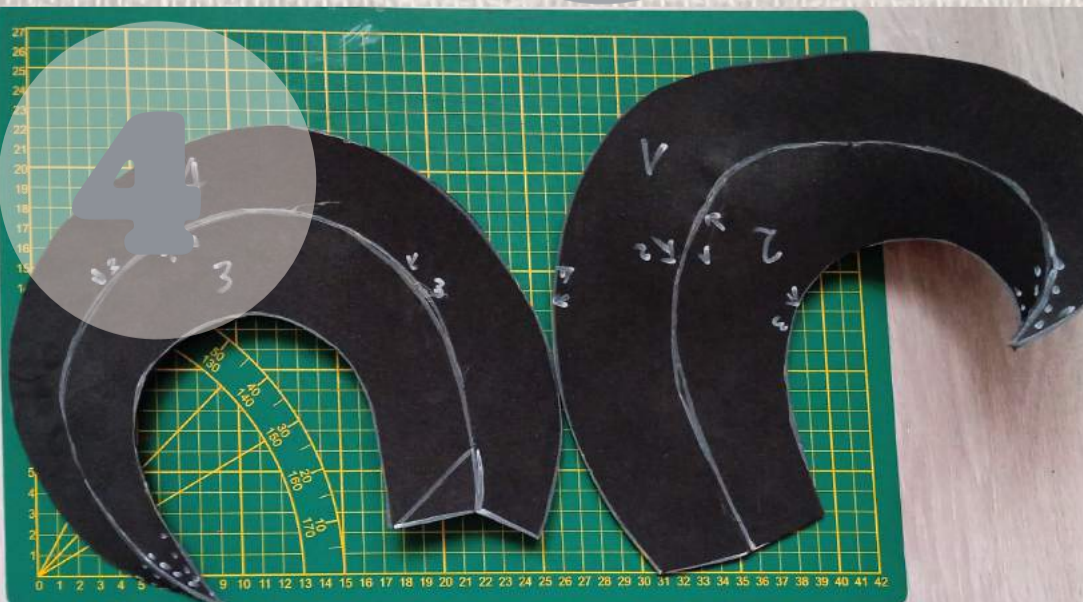

3

NEXT

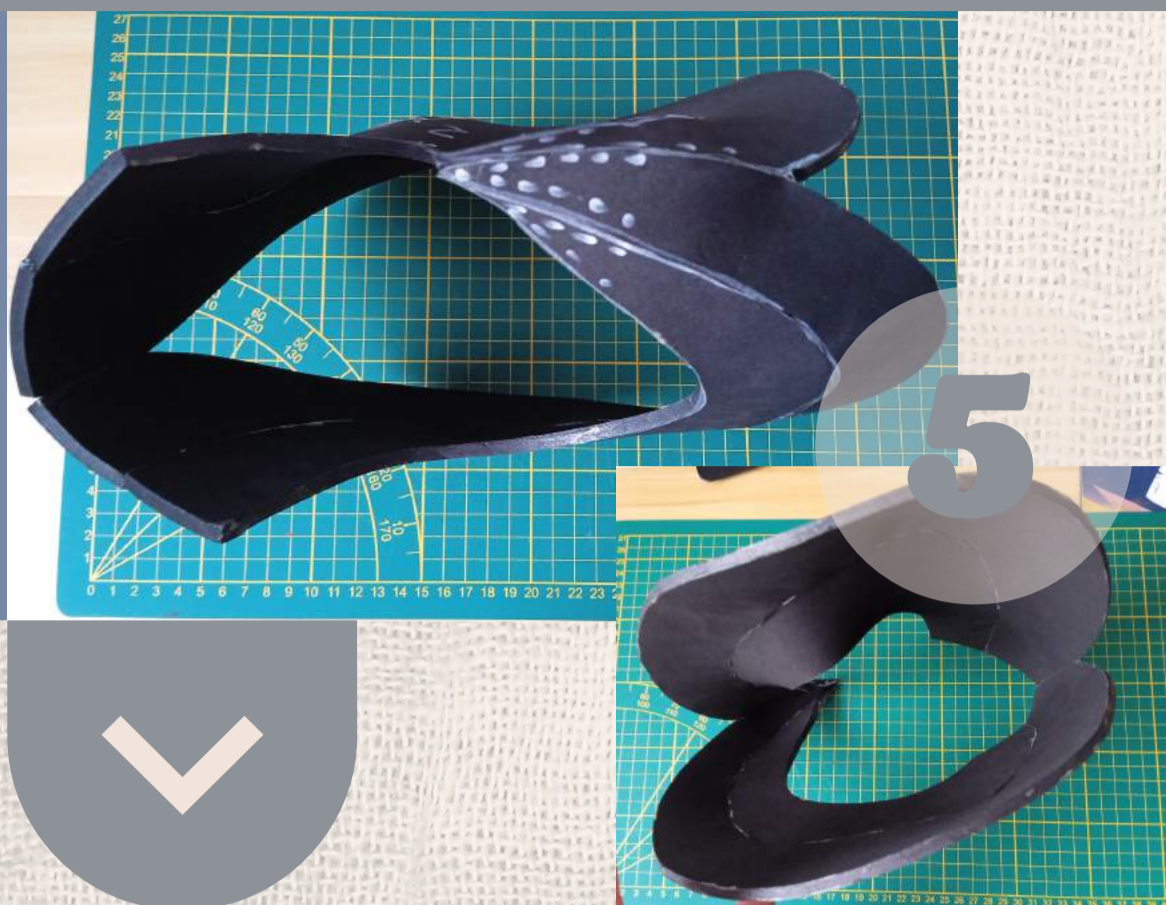

looks like this after gluing

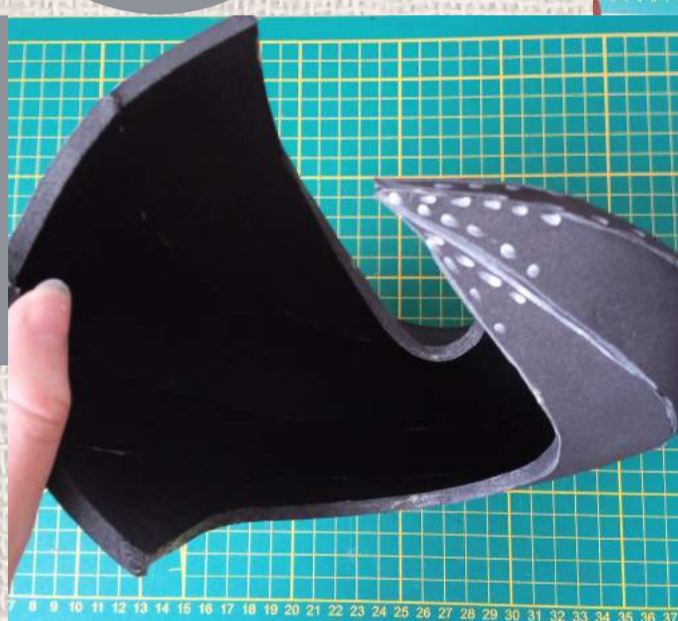

HORNS PATTERN DIY

IMPORTANT

Now glue parts 1 and 4 together

6

LAST

When you glue these two elements together, it's time for the last part

ALMOST DONE

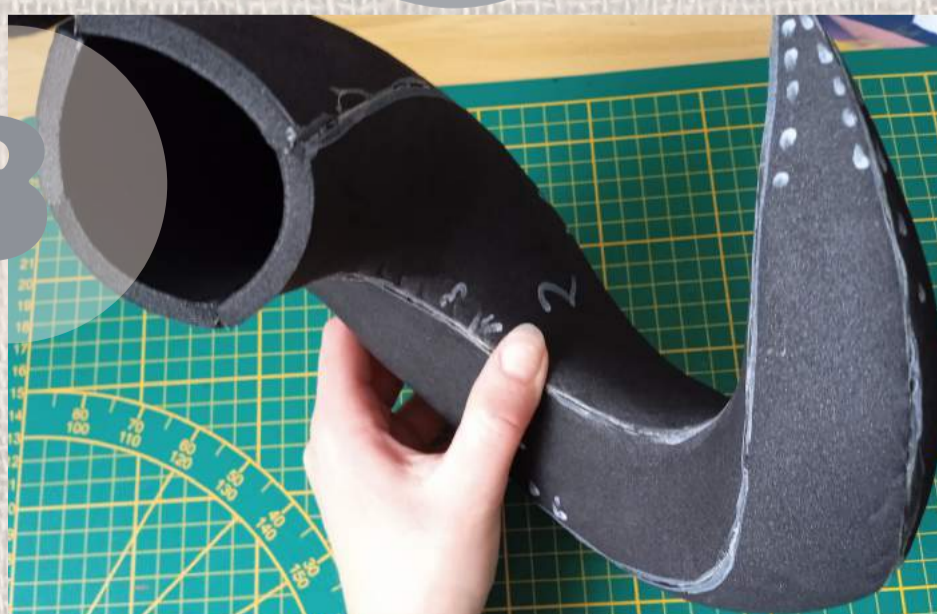

Start by gluing the spike as shown in the picture, part 2 and 3

7

8

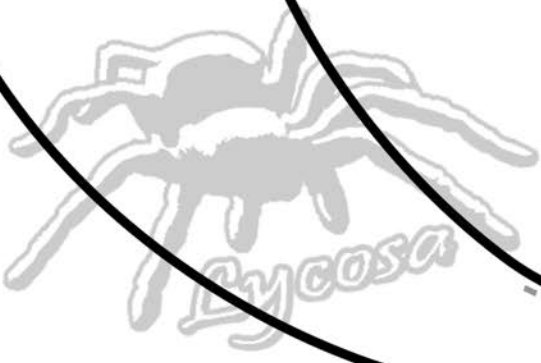

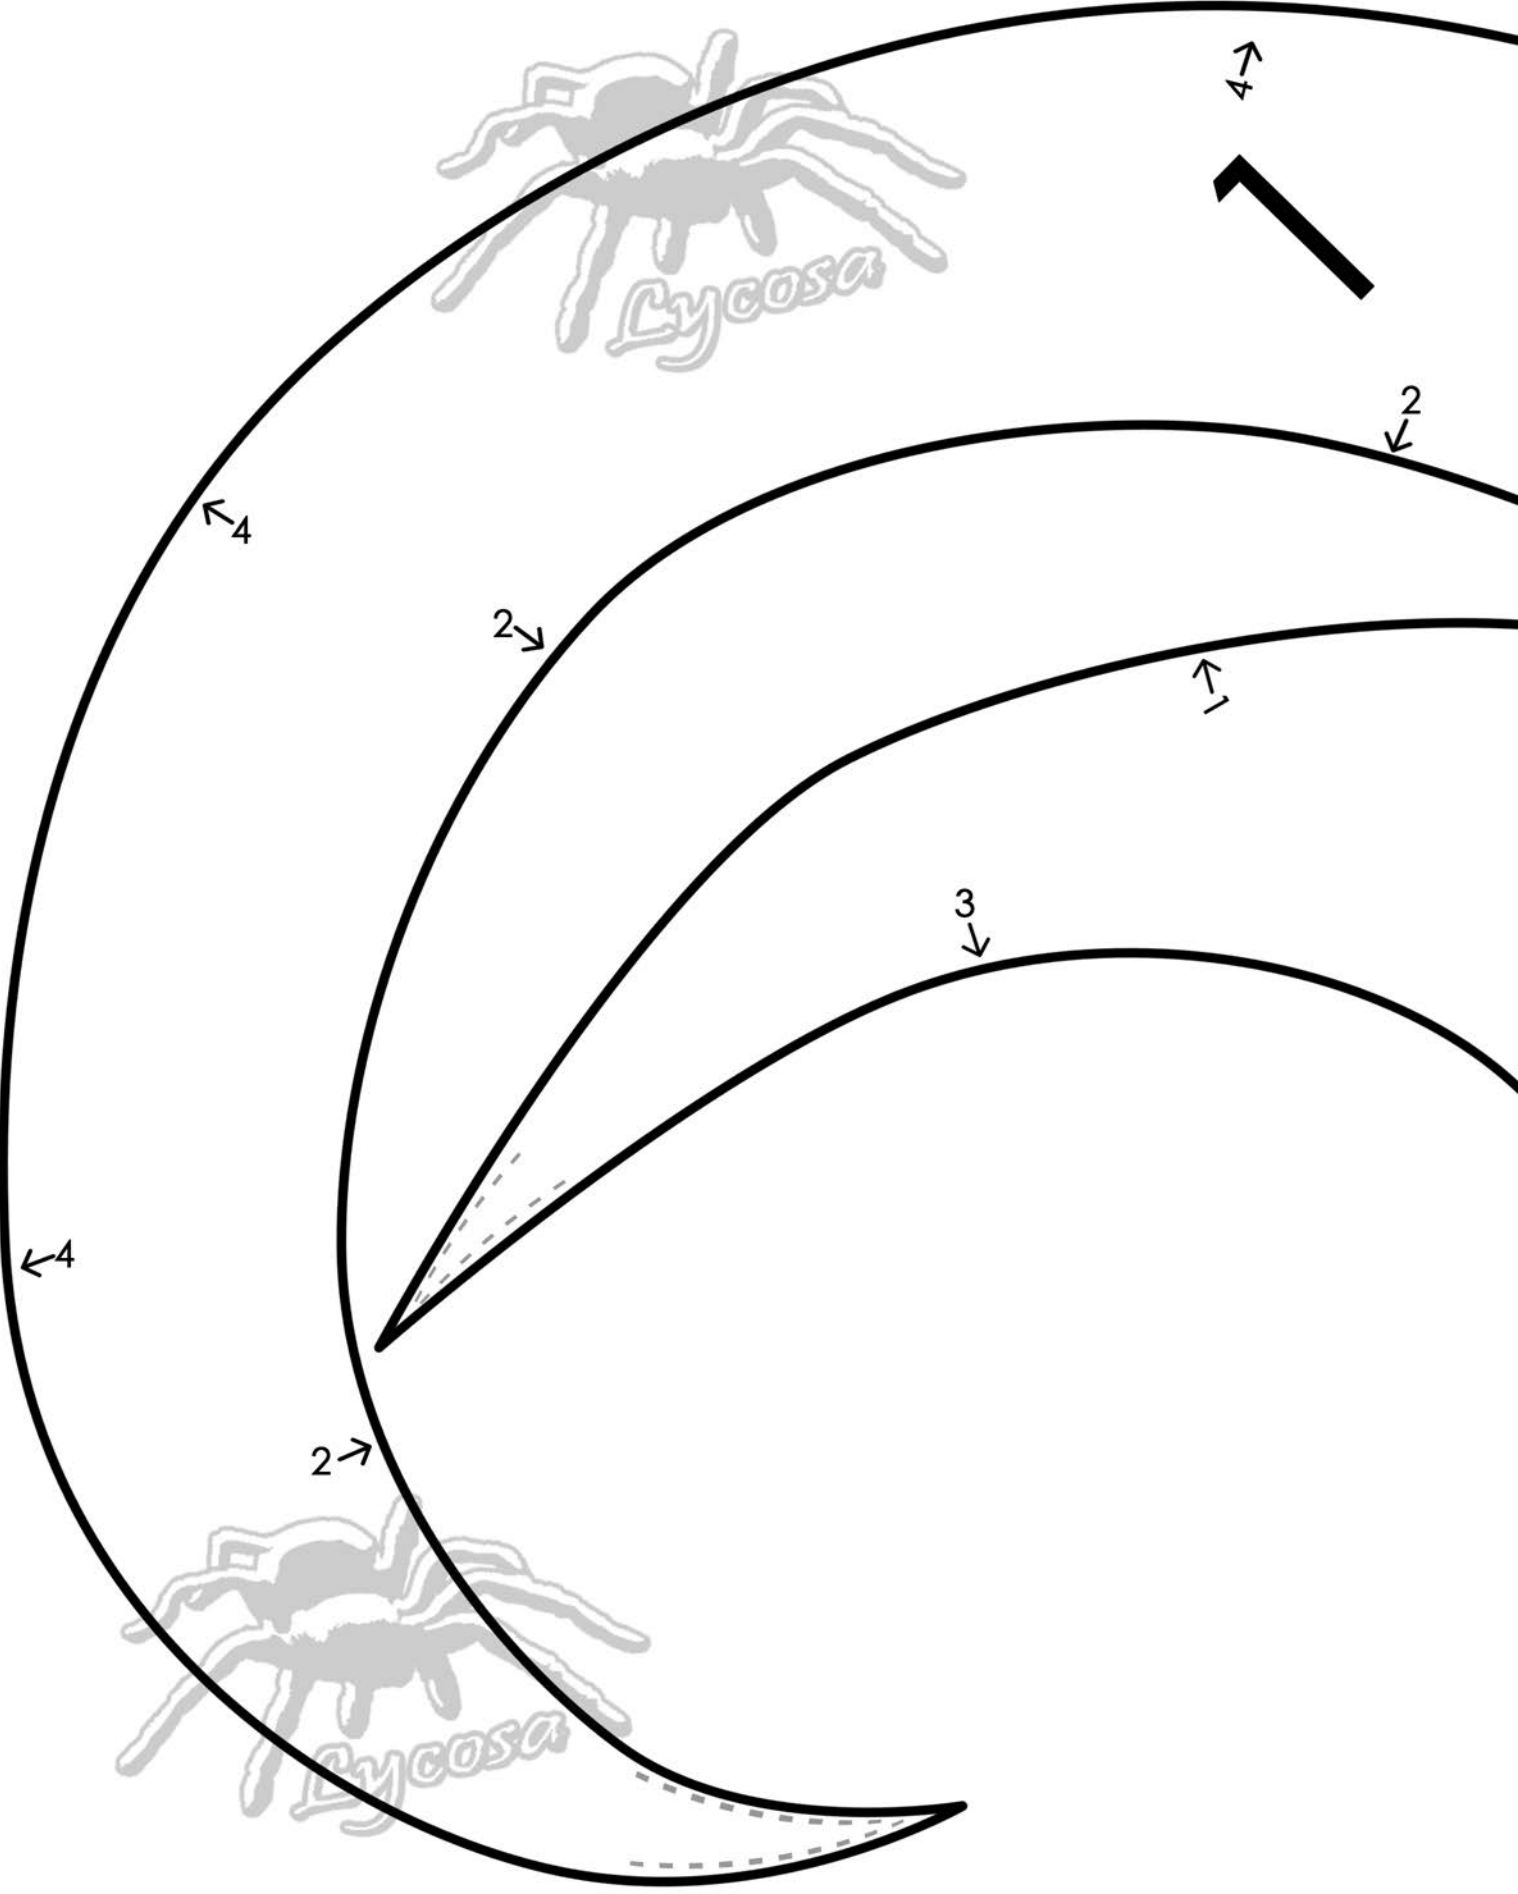

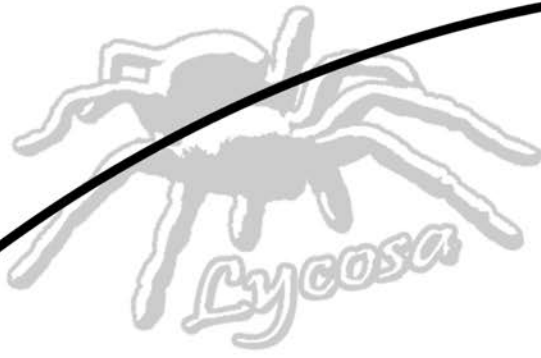

TRUST THE PROCESS

Now the hardest thing. glue parts 2 and 3 together and you're done!
